COSMOPOLITAN LIVING OUR LIFESTYLE

The vision of 'Cosmopolitan Living' came alive over 25 years ago, envisioned through the personal drive and passion of our founder. Dôme Deco was created to inspire those who have the world at their feet – wanderers in search of culture, craftsmanship, and the beauty of life.

Today, 'Cosmopolitan Living' is fundamental to every layer of our organization. From our dedicated team to our global sources of inspiration, and especially in our collections – this philosophy is at the heart of what we do.

TWO COMPLEMENTARY COLLECTIONS

Our creative vision translates into two complementary collections,
each serving different needs:

THE STORY BEHIND VELLUM

Discover DD. Premium

DD. PREMIUM

Dôme Deco presents VELLUM, its new DD. Premium collection for 2026, born from an in-depth trend analysis of today's interior needs. VELLUM translates macro trends into a collection that “glows subtly rather than shines boldly”: soft, refined, and tactilely inviting.

FROM TREND TO PRODUCT

Dôme Deco has translated these conceptual principles into concrete product choices: stylized, structured silhouettes softened by tactile contrasts; seating with richly textured upholstery; tables and surfaces in light ceramic and marble accents; lighting that adds sculptural warmth; and polished metal details that create subtle reflections without disturbing the softness. This translation ensures each object carries an individual character while harmonizing seamlessly in a layered interior setting.

PHILOSOPHY

The name and philosophy of VELLUM capture the essence of the concept: “A whisper of softness in space and light. Design that glows, rather than shines.” It reflects the desire for subtle, in-between qualities in form and finish. The collection seeks balance between light and shadow, soft curves and clean lines, transparency and solidity. In short: the “in-between” that makes concepts eloquent without being intrusive.

*A whisper of softness in space and light. Design that glows, rather than shines.
Embracing the in-between.*

*A grounded palette with cosmopolitan depth. Structured silhouettes softened
by tactile contrast. A dialogue between transparency and solidity.*

DD. PULSE

DD. Pulse is our dynamic, ever-evolving collection, designed for projects that demand speed and accessibility. Unlike DD. Premium, DD. Pulse is always in stock, allowing for immediate delivery and a seamless purchasing experience.

While it offers a more streamlined selection of materials and fabrics, DD. Pulse remains fully on-trend, capturing the essence of contemporary cosmopolitan

living in a practical and stylish way. Its accessible price point makes it an ideal choice for clients seeking high-quality, design-led solutions without the extended lead times of personalized items.

With DD. Pulse, designers and project managers can confidently create cohesive, modern interiors, knowing that every piece is readily available and carefully curated to meet both aesthetic and functional needs.

It's a reliable, stylish, and cost-effective solution that keeps pace with the rhythm of today's projects.

Technical Specifications

Dôme Deco’s approach to fabric options differs for DD. Premium and DD. Pulse. When deciding which trend colors will be central to **DD. Premium** in the upcoming year, a palette of various textures and shades is created to fully reflect the story we’re spreading that year. Always balanced out by more neutral tones that bring together a perfect blend of contemporary and trendy options.

DD. Pulse, on the other hand, is known for its always fluctuating style. This line is known for fixed-fabric designs. Dôme Deco selects upholstery that blends seamlessly into any interior and smoothenes the process from purchase to delivery, the items being always in stock. The fabrics used are not applicable to designs of our yearly collection, only to the indicated models.

OTHER MATERIALS

Materials and textures form the heart of the collection: warm wood tones, rich marble accents, intriguing fabrics, timeless ceramics, and tinted glass are combined with polished and matte metals and buttery, lived-in leathers. This material mix reinforces the idea of layering and tactile contrast (rough versus smooth, matte versus gloss). The dialogue between transparency and solidity is expressed through the varying hardness of the materials.

A HAVEN FOR THE MODERN DESIGN LOVER

This home is designed for the true architecture lover. A vintage-inspired sitpit embraces the Monza sofa, creating a warm, sunken living zone perfect for hosting or sinking into a quiet moment with a book. Soft earthy tones and tactile fabrics enhance the sense of ease, while sculptural tables and curated accents add a refined touch.

Large windows open the space to the surrounding landscape, allowing nature to become part of the interior. The material palette echoes this connection, balancing stone, wood and soft upholstery to create a subtle harmony between indoors and outdoors. The result is a living environment that feels grounded, generous and effortlessly inviting.

A space made for gathering,
unwinding and appreciating thoughtful
design in every detail.

COLORS OF THE SEASON

VELLUM speaks in a subdued yet rich color language. While global color trends range from Transformative Teal to Amber Haze and draw inspiration from Modern West and Rustic Revival palettes, VELLUM defines its own layered base palette:

DUSKY HAZE
NOMAD ROUGE
SHADOW JADE

Tones that convey calm, depth, and a subtle cosmopolitan signature.

DUSKY HAZE

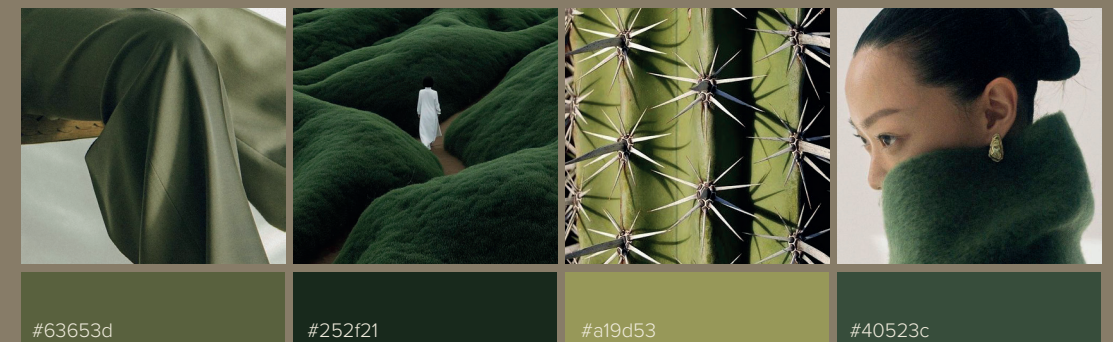

A powdery, soft gray tone with a warm undertone. This color feels like calmness and refinement, serving as a foundation for layered interiors. Perfectly paired with natural materials like wood, travertine, and brushed metal.

NOMAD ROUGE

A warm, reddish-brown shade with a cosmopolitan appeal. This color feels like worldly luxury and sun-drenched cities, rich earth, and spiced textiles. Perfect as an accent color for interiors with character and depth.

SHADOW JADE

A deep blue-green shade with a mysterious, almost velvety intensity. This color evokes a sense of depth, elegance, and tranquility. Perfect for interiors seeking a balance between luxury and serenity, and ideal as an accent color.

TIMETES ESCAPE

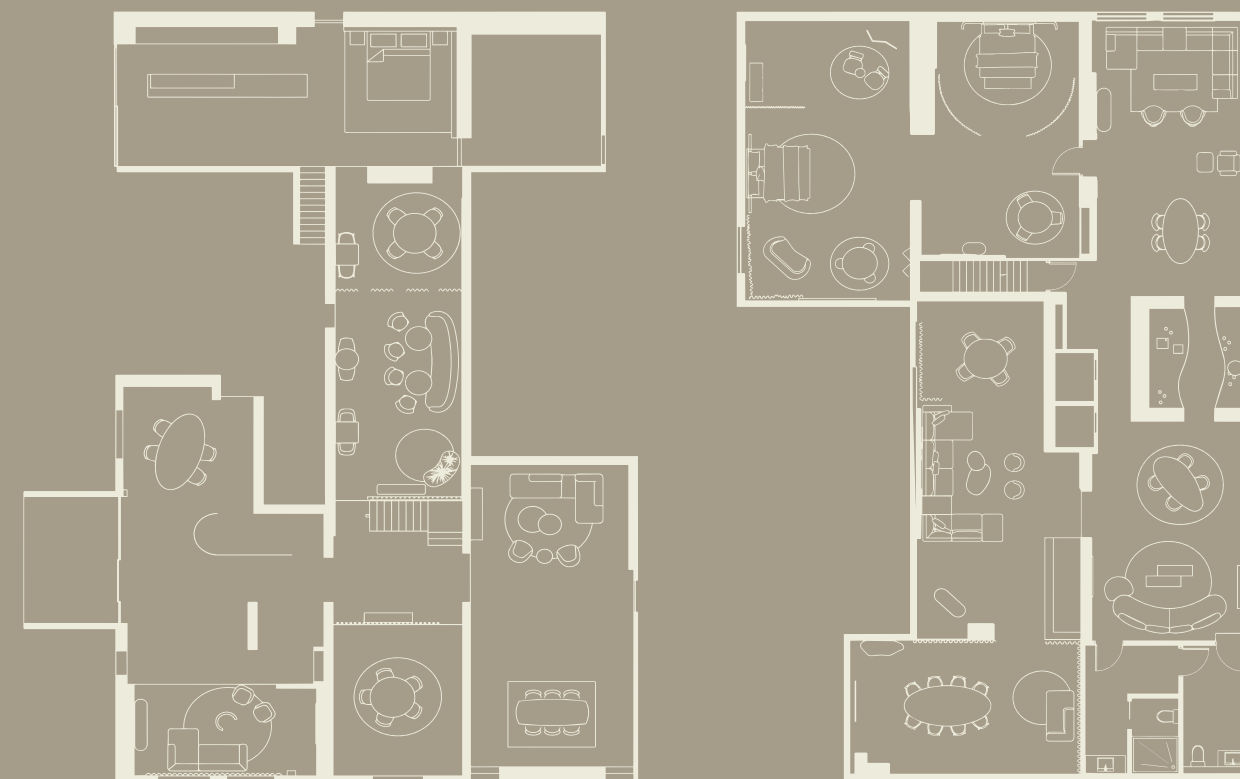

BEHIND THE COLLECTION OUR STORY

Each collection begins with a creative concept defined by our Art Director. While global trends provide inspiration, it is above all our distinctive cosmopolitan identity that shapes the foundation of every collection. Through mood boards, materials, and atmospheres, a clear creative direction is established.

From this concept, the process moves into product development. Designers and technical experts collaborate to translate the creative vision into tangible pieces. Shapes, materials, and proportions are refined while fabrics, finishes, and samples are carefully reviewed to ensure that every detail aligns with the original concept.

Once approved, the collection is brought together in our showroom. Here, furniture, lighting, textiles, and accessories are styled into complete interiors, allowing clients to experience the collection in a cosmopolitan setting that reflects the Dôme Deco lifestyle.

Finally, the concept is translated into our visual identity through art direction and photography. Carefully selected locations and refined styling bring the collection to life in a series of shoots that capture the atmosphere and character of the brand.

URBAN SERENITY WITH A BOLD EXPRESSION

This urban loft brings comfort and design into a seamless dialogue. Soft, sculptural forms anchor the space, creating a calm backdrop that highlights the artful intention behind every detail. It is a place designed to express rather than impress, where personality is woven subtly into the architecture and styling.

Warm Nomad Rouge accents introduce an edgy, contemporary energy that enriches the neutral palette. The deep red tones echo through artwork

and marble surfaces, adding depth and contrast without overpowering the room's serene flow. Large windows soften the boundary between indoors and outdoors, allowing natural light to heighten the loft's spacious, refined ambiance.

The result is a harmonious blend of sophistication and ease. A living environment where modern expression meets quiet comfort, and where design enhances the way one feels, moves and unwinds.

HOW WE MAKE A DIFFERENCE

At Dôme Deco, we design and produce our collections worldwide to ensure the highest value for money. By eliminating intermediaries, we create a seamless journey from producer to customer.

Our expertise spans multiple product categories, enabling us to offer a complete interior solution under one brand. This approach truly unburdens our partners, giving them a streamlined and efficient experience.

In addition to a well-structured business and product model, our cosmopolitan mindset across every layer of the organization allows us to create a unique concept each year.

By translating global trends into our own signature, we remain true to our brand identity while meeting our customers' need for continuous growth and renewed designs. Striking the balance between worldwide influences and timeless elegance makes Dôme Deco a stable and reliable partner in design, always true to cosmopolitan living.

Our brand reflects a sophisticated, intimate, and warm lifestyle, offering collections that elevate any space. From residential to hospitality.

DIGITAL TOOLBOX

Beyond our physical collections and showroom experience, Dôme Deco offers a complete digital environment designed to support professionals at every stage of their project. Our B2B webshop functions as a true digital toolbox, bringing together inspiration, technical resources, and practical tools in one accessible platform.

Partners gain access to high-resolution packshots, detailed product specifications, downloadable 3D files, and real-time stock information. This allows architects, retailers, and designers to seamlessly integrate Dôme Deco products into mood boards, architectural plans, presentations, and client proposals.

To streamline the product selection process, the webshop includes a practical compare tool that allows multiple items to be viewed side by side, helping professionals make informed decisions faster while keeping project timelines and budgets in mind.

The platform also offers interactive digital inspiration through our online lookbooks. Each showroom setting

is fully clickable, allowing users to explore complete interiors and directly access the products within them.

Additional tools such as advanced filters, project-based favorites lists, and fast quotation generation help professionals manage multiple projects efficiently. Products can be organized per project, selections can easily be refined, and quotations can be created in just a few steps.

Once selections are made, orders can be placed directly through the webshop. Partners can easily review their order history, track previous purchases, and reorder items when needed, creating a smooth and transparent purchasing process.

In a fast-paced industry where clarity, speed, and accessibility are essential, the Dôme Deco B2B webshop extends our cosmopolitan design philosophy into a powerful digital workspace, enabling professionals to source, plan, order, and present with confidence.

INTERIOR DESIGNERS

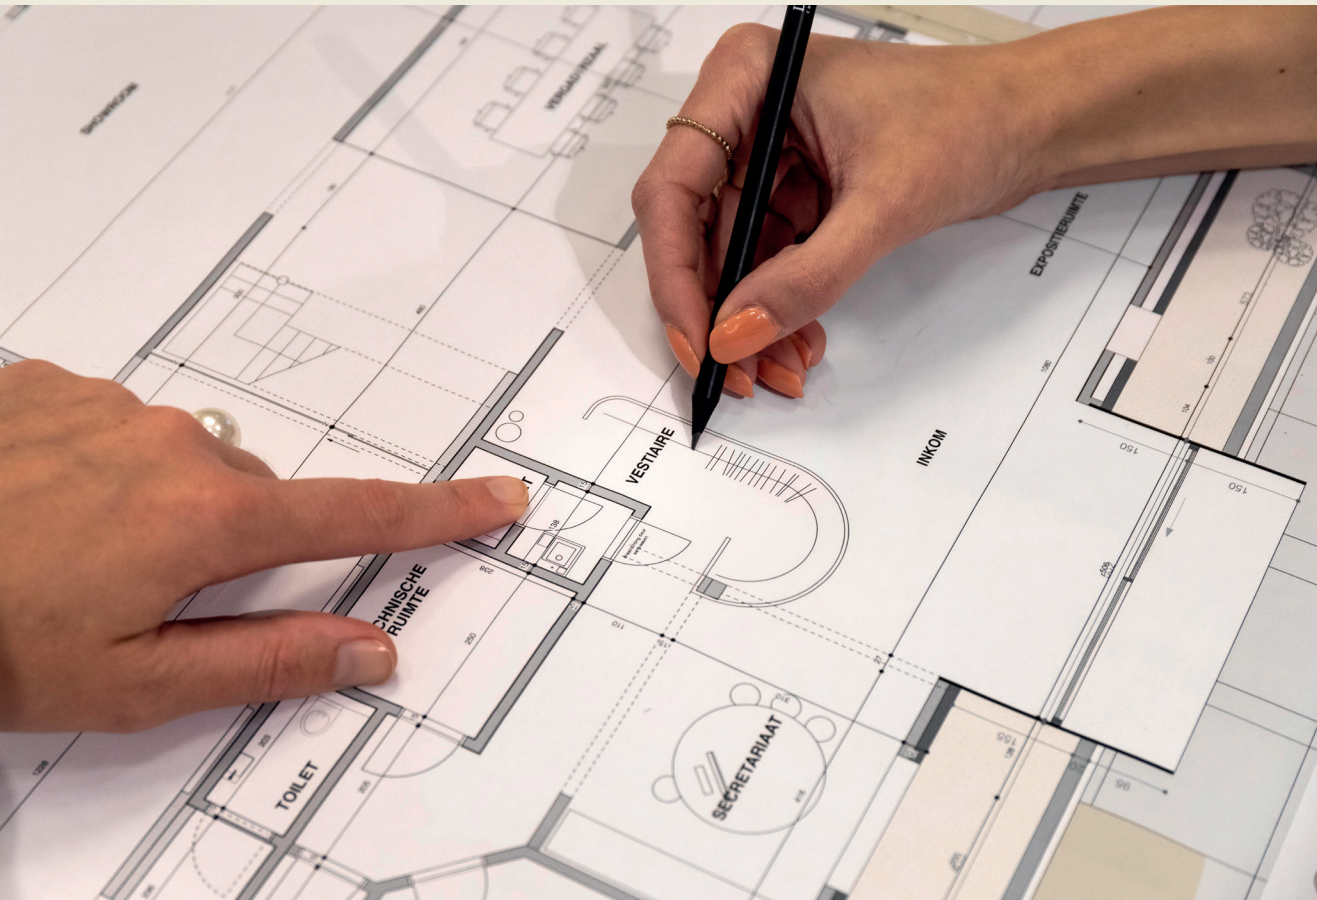

WHO WE WORK WITH

Whether you're designing residential spaces for B2C customers, or work environments, hospitality interiors, or other projects for a B2B clientele, Dôme Deco offers an all-in-one solution through our complete interior collections.

We understand the complexities that come with architectural projects, and our goal is to simplify and enhance your process by providing the tools and resources you need to bring your vision to life. With a wide range of fabrics, materials, and finishes at your disposal, Dôme Deco allows you the creative freedom to design spaces that are both functional and aesthetic.

GILLES KNAEPEN

Gilles Knaepen is intrigued by the process of creating ideas and transforming them into tangible products that respond to the emotional aspect.

The KATLA hurricane, referring to Iceland's largest volcano, is characterized by its architectural construction and minimalist appearance. A raw and natural source of light, shielded by a metal casing. A visual spectacle offering you a variable structural look from different perspectives.

Continuing the story of the KATLA Hurricane, the IBU hurricane emerges as its geometric counterpart. A refined evolution with a sharp, more architectural presence.

While Katla draws from the raw, volcanic energy of nature, IBU channels that same intensity into pure, cubic form. The result is a design that feels both grounded and precise: a structured frame enclosing a raw source of light, creating an ever-changing play of reflection and shadow.

In a world that moves too fast, the AGA mirror invites a moment to pause. Its minimalist form quietly blends into the room, yet its mirror and metal frame create both function and reflection. A place to gather your thoughts before stepping back into the day.

AGA balances practical design and personal expression. Modest in presence but rich in meaning, it transforms from a simple object into a decorative ritual of calm and clarity.

SIDE TABLE

TA5-C30 / TA5-C31

The INA side table reflects Chantal Duchateau's search for harmony between softness and structure. Its organic, leaf-like shape brings a playful flow, balanced by the tension of glossy glass and matte metal.

Available in deep bordeaux with a soft orangy pink or beige with warm gray, the palette embodies warmth and calm contrasts. Simple yet expressive, INA is a quiet statement piece. Minimal in form, but rich in character.

STUDIO BYBELLI

Studio ByBelli seeks the perfect harmony between form and function, drawing inspiration from nature's effortless innovation. Their Italian heritage and Dutch conceptualism merge into a distinctive design language.

The SYDNEY series captures the balance between organic softness and functional clarity.

Every curve is inspired by human like shapes and emphasizes the balanced interaction between body and product. Subtle proportions bring calm and comfort to any space.

The result is a timeless design that feels both sculptural and inviting.

SERENITY MEETS CONTEMPORARY CHARACTER

This residential concept blends serenity with a cosmopolitan spirit, creating a home that feels both calm and characterful. Soft architectural curves, warm lighting and natural materials set a peaceful foundation, while subtle colour accents bring personality and harmony into the space. Each area feels considered, expressive without overwhelming, refined without losing its sense of warmth.

The dining setting pairs muted textures with rich, earthy tones, demonstrating how colour can elevate a room while maintaining balance. Seating in soft neutrals welcomes presence and conversation, while sculptural details and thoughtful compositions add a sophisticated rhythm.

In the living area, gentle neutrals are complemented by warm statement pieces, achieving a perfect dialogue between comfort and design. Shelving niches glow softly, highlighting curated objects that add depth to the room's quiet elegance.

The result is a home where serenity and style coexist naturally. A space that celebrates personality in a subtle way, while keeping the atmosphere timeless and beautifully composed.

HOW HOSPITALITY FINDS ITS GLOW

When evening settles over this hotel, a different kind of beauty emerges. Soft shadows and considered lighting reveal an intimate atmosphere that invites guests to slow down and stay a little longer. This is hospitality shaped through quiet luxury, where every space feels purposeful yet effortlessly soothing.

In the lounge, warm colors and rich textures create a cosmopolitan mood reminiscent of traveling in style. Sculptural seating and glowing accents bring people together and give the shared spaces an energy that is both inspiring and comforting. It is a setting designed for connection, conversation and lingering moments.

The guestrooms shift to a calmer rhythm. Here, neutral palettes and gentle curves offer a sanctuary from the world outside. Layers of drapery soften the light, creating a cocoon-like atmosphere in which rest becomes natural. The design speaks softly, allowing the mind to quiet and the body to unwind.

Across the entire hotel, day transforms into night with elegance. Warmth, intimacy and cosmopolitan character blend into a hospitality experience where guests do not simply stay, but truly feel at ease. It is beauty revealed in stillness, in ambiance and in the art of making people feel welcome.

WHERE DINING BECOMES AN INTIMATE ESCAPE

This restaurant transforms warmth into an experience. Soft, subtle colours elevate the atmosphere, creating an inviting glow that encourages guests to settle in and savour every moment. Arched architecture and layered lighting draw the eye inward, shaping intimate corners where the world outside fades away.

Each table feels like a private scene. The seating in earthy tones adds comfort and elegance, allowing conversations to linger and dishes to shine with even

greater depth. The design enhances the culinary journey, making every course feel more meaningful, more memorable.

With a balance of serenity and sophistication, the space offers more than a meal. It becomes a setting where connection thrives and where hospitality is felt in every detail.

BESPOKE SOLUTIONS

HOW WE WORK

01.

UNDERSTANDING THE CLIENT’S NEEDS

Understanding your vision, aligning on your goals.

In close collaboration with our creative and technical team, we explore your project’s requirements, from aesthetic direction to functional needs. We assess the full scope together, including budget, timeline, and key deliverables, ensuring a clear and aligned foundation before moving forward.

02.

DESIGN AND DEVELOPMENT PHASE

From first inspiration to a clear, actionable plan.

We begin with mood boards and concept sketches that capture your vision, translating them into a detailed proposal. During the customization phase, we work closely with clients to develop made-to-measure solutions, offering technical support, material samples, and tailored approaches.

03.

BESPOKE PRODUCTION AND QUALITY CONTROL

Ensuring excellence through quality assurance.

We ensure every product meets client expectations and industry standards through strict quality control. This includes creating counter samples for approval before full production, guaranteeing alignment with the original vision while meeting durability, performance, and finishing requirements.

04.

IMPLEMENTATION AND SUPPORT

Ensuring long-term partnership.

We provide comprehensive post-installation support, including maintenance and follow-up services to ensure lasting quality. Our goal is to build strong, long-term relationships by offering reliable assistance and guidance, ensuring your project continues to perform long after completion.

PROJECT REFERENCES

A finished project says more than a thousand words. Discover our Dôme Deco projects around the globe to see how our cosmopolitan lifestyle is translated into refined interiors. ALIVA DESIGN NETWORK

A Design Forward Partnership

Absam, Austria

A strong sense of space. Design that goes beyond what you see. For Aliva Design Network, the goal was to create an environment that engages all the senses, where colors, shapes, textures, and materials come together in a clear and balanced way.

Dôme Deco supported this vision with a cohesive interior concept, translating ideas into a tangible and well executed result. This partnership shows how architecture and interior design can reinforce each other when they are aligned from the start.

Projects of this level depend on close collaboration between specialists. By combining expertise, it becomes possible to create distinctive environments for demanding clients.

Quality and precision are essential throughout the entire process, from design and material selection to final execution. At the same time, clear planning and reliable delivery ensure that every phase runs smoothly.

A partnership that proves strong design is the result of the right people working together.

DUKES' HOTEL COLLECTION

Picturesque Stays in Bruges

Bruges, Belgium

Dukes' Hotel Collection brings together the historic charm of Bruges with the comfort of modern hospitality. This balance defines the guest experience, with interior design playing a key role in shaping it.

The collection includes several hotels and apartments, each with its own identity. For Dôme Deco, the task was to supply interiors that fit each concept while maintaining a consistent and recognizable design language.

Dukes' Academie, a boutique hotel located near Bruges' main landmarks, combines a warm and contemporary atmosphere with its historic surroundings. Guests enjoy a quiet setting within walking distance of the city's key attractions.

Dukes' Apartments focus on comfort and functionality. Each unit is fully equipped and designed in a modern style that fits naturally within its surroundings.

By applying a clear and consistent collection across different types of accommodation, Dôme Deco supports interiors that are both flexible and cohesive.

LE SANGLIER DES ARDENNES

Top Notch Bespoke Development

Durbuy, Belgium

Founded in 1952, Le Sanglier des Ardennes has become a well established name in Belgian hospitality. Its recent expansion, including a new 72 room five star hotel, marks an important step forward.

The scale of the project allowed Dôme Deco to move beyond its standard collection and develop a fully customized interior. Every element was designed to align with the architecture and the hotel's high end positioning.

Located in the center of Durbuy, the hotel offers direct access to both the town's historic character and the surrounding natural landscape of the Ardennes. The interior reflects this setting, combining comfort, elegance, and a strong sense of place.

Rooms and suites are designed with careful attention to detail, using high quality materials and practical layouts. The result is a calm and refined atmosphere that supports a premium guest experience.

This project shows the value of bespoke design, creating a strong identity and a consistent experience throughout the entire hotel.

TRADE FAIRS

MAISON & OBJET

Throughout the year, Dôme Deco attends several notable design fairs worldwide, including Maison & Objet in Paris and Salone Del Mobile in Milan.

At these fairs, we showcase our new collection to potential and existing clients. We would be happy to welcome you to our stand!

For more than thirty editions, Maison & Objet has been a constant moment in the rhythm of Dôme Deco. Each year Paris becomes more than a destination. It becomes a meeting point for ideas, inspiration and people from all over the world.

All trade fairs

Maison & Objet has always been a place where creativity and international design come together. Walking through the halls you feel the energy of a global community that shares the same passion for interiors, materials and atmosphere. For us it is also an opportunity to reconnect with partners, collaborators and clients who travel to Paris from every corner of the world.

Paris itself adds something special to this experience. The city’s timeless elegance, its culture and its vibrant creative scene echo the spirit of our collections. Each edition feels like a continuation of a story we have been writing for many years. A story where design, hospitality and international dialogue naturally come together.

Looking back over the years, each edition has left its own mark. From the evolution of our stand design to the collections we presented, every moment reflects a step in the journey of Dôme Deco. The images that follow capture some of these memories and trace our presence at Maison & Objet through the years.

Today the fair remains an important moment for us. It is where we share our vision, strengthen relationships and welcome our international customers in a city we truly love.

RAW MATERIALS MEET REFINED SOFTNESS

This home brings Japandi calm into a cosmopolitan setting, creating a refined balance between softness and structure. Rich materials define the architecture, from expressive stone surfaces to dark wood details that honour the building's character. Against this raw backdrop, the furniture adds a gentle counterpoint with rounded forms, tactile fabrics and warm, earthy tones.

Light flows generously through the space, revealing subtle contrasts between smooth and textured

elements. Sculptural décor and travertine accents deepen the sense of craftsmanship, grounding the interior in natural beauty. Every zone feels intentional, composed with a quiet confidence that blends serenity with sophistication.

The result is a harmonious interplay of cultures, materials and moods. A space where calm minimalism meets worldly elegance, forming an ideal balance for contemporary living.
